Foundations of Faith Community Nursing Course

Register now to attend the Fall 2024 course.

Registered nurses of all faiths are invited to attend the Foundations of Faith Community Nursing training course.

Faith Community Nurses draw a closer link between their faith and healthcare communities by acting as health educators and counselors to a faith community membership, as well as assisting with homebound, nursing home and/or hospitalized congregation members.

Through this nondenominational program, participating registered nurses receive continuing education hours, as well as the support and resources necessary to implement a Faith Community Nursing program in their own congregation.

Established in 1997 by Carle Health, the program has trained over 565 nurses who've found joy serving their congregations.

Fall 2024 Course
